## Bermuda Onion Seed

New crop seed is ready for delivery. This Onion is most popular in the South because of its early maturity and excellent sweet flavor. We offer, subject unsold, **YELLOW BERMUDA, CRYSTAL WAX, RED BERMUDA** @ \$1.75 per lb. Special prices for large quantities.

**GENUINE IMPORTED SWEET SPANISH VALENCIA ONION SEED.** Our original strain enjoys greater popularity among the Onion growers because it produces finer golden brown Onions with less splits and culls. The production of this seed is limited. Per lb. 2.50 — 100 lb. lots \$2.25.

### Onion — Earliest Express

A very early light yellow globe shaped Onion. Where Onions for the local market are desired this one cannot be beat because of its resistance to thrip, early maturity and heavy yield. Per lb. \$3.00 — 100 lb. lots \$2.50.
